Gourmet Settings steak knives are made of the highest grade 13/0 stainless steel and heat forged; they have a stainless steel blade to create a steak knife with more power, better handling, and some great curves. The Gourmet Settings steak knives are at the cutting edge of steak knife design with a serrated edge that runs all the way along the blade for maximum cutting surface; they have a perfectly balanced hollow handle for superior handling and more control. A good set of steak knives should last a lifetime, but shouldn't require any special handling. So, our knives are dishwasher safe for easy cleaning and guaranteed their quality for 25-years.

- Heat forged stainless steel blade
- Hollow handle
- 25-year warranty
- Dishwasher safe
- Matte finish
