2¼"	XX SMALL –	Jack Russel, Lhasa Apso, Pug	5.2
1½"	ITTY BITTY –	Chihuahua, Toy Poodle	3.8

Choose size which fits the entire paw- including toenails and excluding fur
A snug fit is best-boots that are too large may slip off.

OR

Place your dog's front paw, standing up-full weight on a blank piece of paper. Mark from the longest toenail and come straight back down from the back of the paw to make a second marking. Measure the distance between the two marking and refer to sizing chart above.

NOTE: Breed examples are approximate guides only as paw sizes ar not consistent within breeds.
