

METAL AGES

A H N Z U

Distinctive surfaces from the earth.™

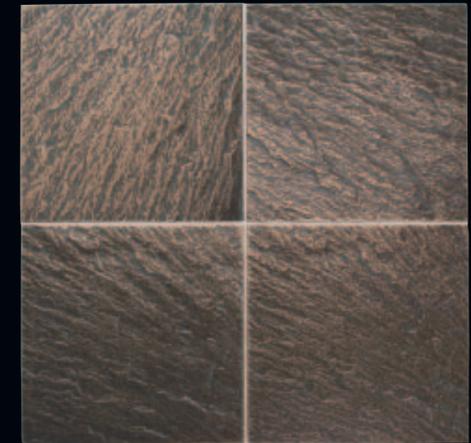

In Ahnzu Metal Ages, the fascination grows in the form of lightweight metal-surfaced tiles, allowing the

mystique of metals such as bronze and pewter to be used in new ways. Then a second magic occurs.

Metal and stone, once united in the earth, are reunited in tiles combining the singular beauty of each material.

Metal Ages tile offers a uniqueness that perhaps the earth originally intended but only man could create.
