TERRA ANTICA™

COLORBODY™ PORCELAIN

floor • wall • countertop

At first glance, Terra Antica is a stunning tile that emits a pure, Old World charm. Designed to simulate terra cotta but, upon further inspection, one can easily recognize the thoroughly modern design influences that are also at work. Random shading highlights this dazzling combination of textures and colors, making Terra Antica the perfect solution for both residential and commercial environments. It comes in four distinct colors, a variety of sizes and is enhanced by dramatic borders and corners with metallic insets. With an imported Mediterranean feel, Terra Antica brings a classic yet modern look to floors, walls, countertops, and more.

Photo features Rosso 6 x 6 and 12 x 12 field tile in a hopscotch pattern on the floor with 6 x 6 field tile, decorative border and insert on the backsplash

NOTES

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the tile surface. Use of a modified latex thin-set is recommended for installation.

Since there is shade variation in all natural products, the tile and trim supplied for your particular installation may not match these samples. Final selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

Strong random shading is a part of the natural beauty of this product. To achieve the maximum intended results, tile should be pulled from multiple cartons and placement decided upon prior to installation.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.

For additional information, refer to "Factors to Consider" at <http://daltile.com/factors-to-consider.cfm>.

TRIM

	TYPE	NUMBER	SIZE	PCS. PER CARTON

	Cove Base*	S-36C9T	6 x 12	30
	Cove Base Outcorner	SC-36C9T	1 x 6	15

* Cove Base trim is intended to coordinate with floor field tile in the standard 90-degree installation position.

SHADE VARIATION

RANDOM (V4)

Extreme color and texture variation from tile to tile and within each tile; a random look.
