TRIM

No trim available

SHADE VARIATION

RANDOM (V4)
Extreme color and texture variation from tile to tile and within each tile; a random look.

INSTALLATION

THICKNESS	GROUT JOINT RECOMMENDATION
1/8"	1/16" Approximately

SLIP RESISTANCE (WET) : 2

The higher the rating, the higher the slip resistance.

1	< .50
2	.50 - .59
3	≥ .60

TEST RESULTS

	ASTM#	RESULT
Water Absorption	C373	< 0.01%
Breaking Strength	C648	> 250 lbs
Scratch Hardness	MOHS	7.0
Chemical Resistance	C650	Resistant
Coefficient of Friction	C1028	Wet: ≥ 0.50 Dry: ≥ 0.70

NOTES

Paper-face and mesh-mounted installation instructions are included in carton.

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation.

Since there are variations in all fired ceramic products, the tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

For additional information refer to "Factors to Consider" at:
www.daltile.com/CommercialFactors

Water, oil, grease etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection.

Not for use on ramps.

Photo features Barcelona 1/2 x 1/2 mosaic on the wall.
