IN+OUTDOOR COOKING

PRODUCT CATALOGUE 2010

COOKING

indu+

indu+ introduces a completely new cooking experience. With its modular induction hobs and rolling trolleys, you can easily move the kitchen outdoors in no time. The induction hobs in the trolleys are modular and can therefore be easily changed and adapted to the menu requirements: cooking, wokking, grilling or preparing teppanyaki, indoors or outdoors, the trolleys provide unprecedented flexibility. Besides, induction cooking itself is advancing rapidly because it is a fast way of cooking, saves energy and perfectly matches a healthy diet. Explore!

WITHOUT LIMITS

indu+
TROLLEY BEECHBOY

indu+ BEECHBOY

- beech: oiled (untreated on demand)
- brushed stainless steel 316
- waterproof cover included

indu+ BEECHBOY SOLO

- measurements
600mm x 600mm x 900mm
- weight
46 kg

ref. 130.010.302

indu+ BEECHBOY DUO

- measurements
1000mm x 600mm x 900mm
- weight
63 kg

ref. 130.010.332

indu+ BEECHBOY ULTIMO

- measurements
1400mm x 600mm x 900mm
- weight
78 kg

ref. 130.010.352

Note: cooking plates are not included but optional

CUSTOMIZE YOUR indu+ BEECHBOY

Your BeechBoy can easily be customized with these cooking plates and accessories. The modular cooking plates in the trolley allow you to cook, wok, grill, make teppanyaki, ... indoors or outdoors to your heart's content. They provide unknown flexibility because the hobs can easily be exchanged. The extra accessories make your trolley the perfect organized outdoor kitchen.

400 DOMINO

induct+ 400 DOMINO

DESIGN

- 2 cooking zones
- latest generation induction
- independent inductors
- high efficiency
- 2 timers, simultaneously usable
- 2 independent boosters
- egg-timer
- pan detection
- flat built-in possibility
(intervention from beneath)

EASE OF USE

- central intuitive command via touch control
- digital display of power
(steps 1 - 12 / booster)
- easy to clean vitroceramic glass

SECURITY

- boil over protection
- safety against overheating of the cooking plate
- child lock
- residual heat indication
- automatic stop

indu+ 400 DOMINO

TECHNICAL INFORMATION

- total power consumption 3700W
- cooking zone left 1400W, 1800W booster, 155 mm diameter
- cooking zone right 1800W, 2800W booster, 220 mm diameter
- power 230V / 16A
- outside measurements 400 mm x 520 mm
- built-in measurements 370 mm x 475 mm
- thickness glass 4 mm
- total height 48 mm

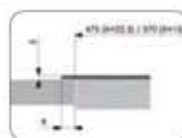

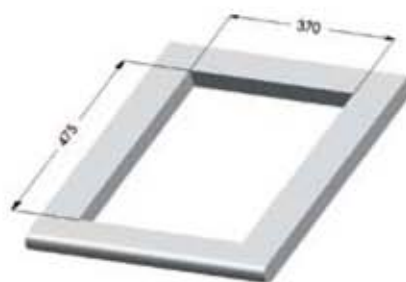

ref. 132.040.010
