DESIGN - STYLE:

• FINISHES

• SHAPES

Classic and contemporary.
Predominantly straight lines.

- The light oak gives it an understated, reassuring, classic look. The solid wood features are painted white for a modern touch.

COMPOSITION:

- Panels and fronts in light oak-effect foiled particleboard or smooth white melamine.
- Base and rails in solid beech.
- Handles in solid beech with white lacquer.

KEY CHARACTERISTICS

ADAPTABLE BEDROOM FURNITURE: a complete set of bedroom furniture that children can keep from birth to adolescence, with an expanding bed, modular wardrobe and timeless chest of drawers.

MULTI-FUNCTION BOOSTER SEAT: for use in the early days to get in and out of the bed or to help with changing the new arrival. It then becomes a desk stool where your child can sit and draw. And finally it can be moved to the head of the bed and be used as a bedside table.

MULTI-FUNCTION DESK: at the beginning it is somewhere for mum to write her breastfeeding schedule and keep everything organised. Then it turns into a homework desk, but it also has an integrated toy box for storing toys. The top can be easily taken down to provide space to play, teach your child to colour or other practical activities.

FOR A HEALTHY ENVIRONMENT: the wood panels used in this collection contain very low levels of solvents. Their formaldehyde content is less than 4mg/100g, two times lower than the minimum (E1) stipulated in the European standard (EN 13986).

ADAPTABLE FURNITURE

- Every furniture item **grows and changes** as your child gets older.
- **Expanding bed** from birth to adolescence. The cot with rails has an adjustable base (2 positions). It can then be turned into a starter bed and a little bed that is perfect for children up to the age of 5. Then it becomes a junior bed measuring 90 x 200 cm (extra panels optional).
