

## Towable/Trainable Tilt Trucks

*Hinged tow hitch is locked in when raised to "up" position for storage, dumping and non-towing applications.*

*Hitch pin inserts easily and remains secure when multiple trucks are being towed.*

*Tow hitch enables towing by a lift or fork truck; provided hitch pin allows multiple truck towing.*

**Commercial Products**

## Towable/Trainable Utility Trucks

# Transport large volumes of materials easily and efficiently.

The frustration of manually pushing and pulling large, cumbersome industrial loads is over. Rubbermaid's Towable/Trainable Trucks now include a hitch pin that allows multiple trucks to be "trained" together and towed by lift or fork trucks. A heavy-duty tow bar, a reinforced metal frame, and upgraded casters/wheels ensure that moving volumes of refuse, recycling items, or bulk parts is safe and efficient. Raw materials and other weighty loads\* are controllable because the steel support ring

fortifies the truck's stepped body to prevent bulging.

Rubbermaid's Towable/Trainable Trucks are basically maintenance-free. Made of FDA and USDA compliant materials, the one-piece molded truck bodies have a seamless surface that's easy to clean and won't rust, dent or leak. The metal frame, tongue, and tow hitch are powder-coated for corrosion resistance.

Towable, trainable, tough trucks – hitch your lift truck to one.

\*Transport up to 2000 lbs. (907.2 kg) (1316-41) or 1200 lbs. (544.3 kg) (4727-41) with Towable/Trainable Tilt and Utility Trucks. 5 mph maximum tow speed.

## Towable/Trainable Tilt and Utility Trucks

No.	Description	Dimensions	Capacity	Color	Pack
1316-41	Towable Tilt Truck, Heavy Duty	72 1/4" l x 33 1/2" w x 43 3/4" h (183.5 cm x 85.1 cm x 111.1 cm)	2000 lb (907.2 kg)	Gray	1
