

MULTI-MEDIA CARTS AND STANDS ACCESSORIES

Electrical Assemblies

- E-3: Three outlet electrical with 20-foot cord and cord wind bracket.
- E6S2: Six outlet surge suppressor electrical with 12-foot long cord and cord wind bracket.

5" Casters

Replace standard 4" casters with 5" casters, two locking and two non-locking, on any cart to handle heavier loads.

Bumper Guards

Add a set of four bumper guards to any 4" or 5" casters to protect from damage during transport.

Loadtoter Kit

Includes four 8" solid rubber tires, two rigid and two swivel, with mounting brackets and hardware. Increases height of cart by 5".

Safety Belts

Securely fasten monitors and projectors to carts with cinchable (A-552) or ratchet (A-552R) style belts. Tested for 600 lbs.

Cart Skirting

Dress up carts and conceal equipment with black poly knit skirting. Available for 26" to 54" high carts.
