

Why Juice?

Superior Nutrition – One tall glass of fresh juice provides you with the equivalent of eating several pounds of fruit and vegetables.

Quick Energy Lift – The nutrients contained in a glass of fresh juice are absorbed within minutes, requiring almost no digestion as with solid foods. You'll feel an immediate energy boost when you need it.

Diet Control – Low-calorie, fresh vegetable and fruit juices should be included in any weight reduction program to provide vitamin and mineral nourishment while lowering calorie intake.

You'll Look Better – The extra nutrients contained in fresh juices are vital in producing a clear and radiant complexion, healthy teeth and gums, strong bones, glowing hair and an alert mind.

Ease Chewing & Digestion problems – Individuals with problems such as these can once again enjoy the taste and health benefits of vegetables and fruits by drinking an easy-to-digest liquid.

Healthier Children – Finicky eaters will enjoy drinking many delicious and nutritious juices.

Save Money – Prepare fresh juices in your own home that are tastier, more nutritious and cost much less than bottled or prepared juices.

Why Omega?

In purchasing an Omega Juicer, you are buying the World's Finest Juice Extractor, and the only juicer you will ever need to own.

Omega is the only manufacturer that specializes in juicers using components durable enough to meet  requirements for commercial approval, as well as the only company to offer all four different styles of juicers.

Omega Juicers are the highest quality, most efficient juicers on the market. Expertly engineered, powerful and attractive vehicles to healthy living, our juicers are easy to use, clean and are covered by the longest, most comprehensive "No Hassle" warranties in the industry.

Omega Juicers

America's Legendary Name in Fresh Juice Extraction.

If you and your family want to experience **increased energy, glowing skin and hair, better digestion, healthy teeth and gums, strong bones and an alert mind, get juicin'!**

Model 8005/8003 Nutrition Centers

Omega Models 8005 and 8003 Nutrition Centers are "masticating-style" juice extractors. Using a low speed of 80 RPMs results in minimal heat build-up and oxidation promoting healthy enzymes and longer lasting juices. They're designed and engineered for health-conscious individuals who want greater variety in their daily fruit and vegetable juicing routine by having the ability to also juice wheatgrass and leafy greens. Not just for juicing, they turn nuts into nut butter, extrude pasta, grind coffee and spices, mince herbs and garlic, make baby food, and whip up soy milk in a flash. They don't clog, foam or build up heat, for the most nutritious drinks and snacks you'll make for your family.

Model 8005/8003 Features:

- 10-Year Warranty
- Dual-Stage Juicing System for Maximum Efficiency
- No Foaming/No Clogging
- Easy To Use & Clean
- 13 lbs
- 6½" W x 14½" D x 15½" H
- Low-Speed 80 RPMs
- Exclusive  Household and Commercial Approval

Model 8005

Model 9000/1000 Centrifuge

Model 9000 Features:

- 15-Year Warranty
- Stainless Steel Cover
- NEW Larger Feed Chute
- ½ lb Stainless Steel Blade
- 1½ lb Stainless Steel Basket
- 3600 RPMs
- Efficient 1/3 HP Induction Motor
- 12½ lbs
- 8" W x 9" D x 12½" H
- Exclusive  Household and Commercial Approval

Omega Models 9000/1000, our original and best-selling juicers, use centrifugal juice extraction. The

easiest to clean and most efficient style juicer, they extract up to 20% to 30% more juice than other styles. The vertical basket spins the juice out of the pulp continuously for a very dry pulp. All juicing components are surgical stainless steel; all non-juicing components are UL Approved, Commercial Grade Polycarbonates. The quiet induction motor has fewer moving parts resulting in less wear and greater dependability. High-quality materials and workmanship help these juicers last a lifetime. Perfect for individuals and smaller families.

Model 1000 Features:

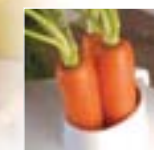

- 10-Year Warranty
- NEW Larger Feed Chute
- ½ lb Stainless Steel Blade
- 1½ lb Stainless Steel Basket
- 3600 RPMs
- Efficient 1/3 HP Induction Motor
- 11½ lbs
- 8" W x 9" D x 12½" H
- Exclusive  Household and Commercial Approval

Model 4000/02 Pulp Ejectors

Model 4000 Features:

- 15-Year Warranty
- NEW Larger Feed Chute
- 1 lb Stainless Steel Blade & Basket
- 5200 RPMs
- Efficient 1/3 HP (250 Watts) Motor
- 11½ lbs
- 9" W x 15" D x 12½" H
- Exclusive  Household and Commercial Approval

Omega Models 4000 and 02 are continuous, pulp-ejection style juicers, with receptacle bins in back to catch fruit and vegetable refuse for easy clean up and quick disposal. Built with the style and engineering knowledge we perfected with our centrifugal juicers, both of these models rival their efficiency and ease of cleaning while outperforming other pulp ejectors.

Model 02 Features:

- 5-Year Warranty
- Large Feed Chute
- Compact Design
- Great Travel Juicer
- All Stainless-Steel Blade & Basket
- 6200 RPMs
- Efficient 1/3 HP (250 Watts) Motor
- 6½ lbs
- 7½" W x 12" D x 11½" H
-  Household Approval

Model 5000 Citrus Juicer

Model 5000 Features:

- 10-Year Warranty
- Large Juicing Cone
- Removable Juicing Cone
- Safe 250 RPMs
- Efficient 1/3 HP Induction Motor
- 10½ lbs
- 8" W x 9" D x 12½" H
- Exclusive  Household and Commercial Approval

Omega's Professional Citrus Juicer does one job very well. Fresh-squeezed orange, grapefruit, lemon and lime juice your pleasure? This is your machine. Commercial-grade, super efficient, simple to assemble and dissemble.

Accessories for the Model 1000 & 9000

Citrus Juicer Attachment

Instantly converts Omega Models 9000 and 1000 into professional citrus juicers. This optional attachment automatically gears your juicer from 3600 RPMs to 250 RPMs, providing all the power necessary to squeeze virtually every drop of juice from oranges, grapefruits, lemons and limes. Commercial-grade, super efficient, simple to assemble and dissemble.

Filter Liners

Makes your Omega Model 9000 or 1000 simple and easy to clean. Our optional, non-bleached, cellulose-fiber filter lines the strainer basket while juicing. After juicing, remove the filter and the attached pulp from the strainer basket for a quick and sanitary clean-up.
