

Disclaimer:

- **Please read and follow instructions carefully before assembly or use of the product.**
- **Failure to follow listed instructions could result in death, serious bodily harm/injury and/or property loss.**
- Instructions must be kept with end user and retained for any future use.
- Product can be prone to fingerprints during handling. Wear protective gloves if necessary while handling product.
- If this product contains glass, it is breakable if not handled properly.
- If this product contains glass, please remove glass before moving the unit.
- Despite best possible efforts by manufacturer, this product may contain sharp edges.
- Please handle all components with care to avoid any accidental injury.

If used as a fire burner:

- **BURNER FUEL NOT INCLUDED.**
- If this unit is used as a fireburner, contact your local specialized dealer for the purchase and information on approved fuels.
- Do not use gasoline, paraffin or kerosene fuels to light the product if used as a fireburner.
- Do not put anything in the open flame that will cause it to soot, smoke and fire like wood or papers as an alternative fuel source.
- When igniting please use an extended lighter or long match. Do not put anything into the flame such as wood or paper as this will cause the flame to soot, smoke and fire.
- Place in well ventilated areas.
- The Garden, Patio, Conservatory and/or Large Living Spaces are suitable spaces for fireburner use.
- Always place fireburner on a level surface.
- Never leave burning fire unattended.
- Do not move fireburner once fire is lit.
- Keep Fire Extinguisher nearby.
- In case you wish to extinguish the flame, cover the flame with the lid or the approved "Snuffer", and ensure the flame is fully extinguished.
- Do not move fireburner during operation or after operation while it may still be hot.
- Never take out or refuel a lit / hot or warm fuel cell holder/container.
- Do not touch any part until the product has completely cooled down; to avoid burns please use wearing protective gloves (i.e. Oven Gloves)
- Never dismantle the product while it is in use or hot.
- Place at least 3 feet from combustible elements and children.
- Never allow children to operate or play near product.
- Keep out of reach from children and pets.
