

Important: Always disconnect the power before installing or replacing bulbs and before cleaning or other maintenance.

This light should be installed by a licensed electrician

Assembly & Installation Instructions

1. Shut off power to outlet box (Fig A).
2. Attach mounting plate to outlet box using outlet box screws. Using anchors and mounting screws for extra support.
3. Make appropriate electrical connections using wire nuts:
 - a. Connect the fixture's hot wire (black) to the black outlet box wire.
 - b. Connect the fixture's neutral wire (white) to the white outlet box wire.
 - c. Connect fixture's ground wire (green or uncoated) to the ground outlet box wire. If no ground is present in outlet box, connect fixture's ground wire to the mounting plate using the green screw (included).
 - d. Carefully place connections in outlet box.
4. Attach canopy over mounting plate and secure with canopy screws.
5. Install medium base bulbs. (included Vintage Carbon Filament bulb is optional)
6. Push the stems back and attach inner glass and clear plastic washers to stem as shown in (Fig B1) and (Fig B2).
7. Attach outer glass and clear plastic washers to threaded stems and tighten with metal caps.
8. Restore power to fixture.
