

Important: Always disconnect the power before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

LAMP INSTALLATION AND ASSEMBLY

1. Shut off power to the outlet box. (fig. A)
2. Attach the universal mounting plate to the outlet box using outlet box screws.
3. Attach shade assemblies in the following order:
 1. glass shade
 2. metal reflector (smooth side facing outward)
 3. socket cover
 4. socket ring (use socket wrench(included))
4. Determine the height at which the fixture is to be hung. Screw together stem sections to achieve desired length.
5. Make appropriate electrical connections using wire nuts. If there is no green ground wire from the outlet box, then connect the fixture wire to the mounting plate with the green screw provided. Place connections in outlet box.
6. Attach canopy to universal mounting plate with canopy nuts.
7. Install 1/2 Chrome A19 or G bulbs (not included).
8. Restore power to the fixture.
