- Do not immerse the product in water or other liquids.
- Do not use alcohol, benzene, thinners to clean the product.
- To clean the product, wipe it with dry, soft cloth.

The User's Reviews ★★★★★

Great time management tool

I bought it to help my daughter with time management. It works great and most importantly very easy to use. She gets an idea now on timing and will finish up. And it also helps me with my time management, too.

"Keeps me on track"

Really cute, I use it to keep doing short tasks and not getting lost on the internet. Does not tick, which is what I was looking for.

"Best Timer Out There"

Needed it to make sure the dog's food was only available for certain time (per the dog trainer's instructions, we kept forgetting to take it away). Now we use it to set time to clean, to relax, shower. We are going to order more in other increments because we like it so much.
