

Green-Rite® Markerboard

with Black Presidential Trim

Lengths of rounded black anodized aluminum are joined with curved plastic corner pieces for an upscale appearance.

- * ENVIRONMENTALLY responsible board emits virtually zero VOCs
- * CLASS A Fire Rated
- * The Board of Directors®

Includes matching Magnetic O-Tray for markers and erasers.

Green-Rite® Markerboard with Black Presidential Trim

- Green-Rite®, an environmentally responsible magnetic porcelain steel dry erase surface, is featured with Presidential Trim in black.
- Lengths of black anodized aluminum are joined with curved injection-molded plastic corner pieces for an upscale, modern board appearance.
- Cradle to Cradle Certified™ Silver, GREENGUARD Indoor Air Quality Certified® and GREENGUARD Children & Schools Certified™, and level® 1 certified to conform to the ANSI/BIFMA e3 Furniture Sustainability Standard.
- Certified boards incorporate material healthfulness, material reutilization, renewable energy use, water stewardship and social responsibility.
- Designed for Environment (DfE) Green-Rite® products contain between 40% and 55% rapidly renewable materials. Green-Rite® products are also durable, and can be easily remanufactured or refurbished with different frame and attachment features to provide a lifetime of stylish use. Aluminum frame and attachment materials are recyclable.
- Surface provides superior writability, and is virtually indestructible.
- Class A Fire Rated board. A full test report copy is available upon request.
- Made in the USA. 50 year guarantee. TAA compliant.

Technical Specifications

- Multipurpose magnetic surface with superior writability and erasability for dry erase markers. Superior contrast and reduced surface light distortion minimizes glare for optimum eye comfort.
- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel. Color Fusion ceramic top coat is applied providing the desired surface color.
- A fade resistant waterproof resin glue bonds the porcelain to an MDF core and .005" polyester foil backer sheet. Also available with upgraded sheet aluminum backer. Custom sizes are available. Off-white is standard.

A. Green-Rite® Markerboard - Black Presidential Trim

Part No.	Dimensions	Ship Wt.
■ E2H2PA-T1*	1 ½'H x 2'W	8 lbs
