

Simply Swept Away...

HS 770 Compact Manual Sweeper

HS 770 Compact Manual Sweeper

With a 30" cleaning path, the **HS 770 Compact Manual Sweeper** is a push propelled machine ideal for cleaning up playgrounds, courtyards, lots, theaters — almost any type of floor surface. The **HS 770** provides swift, smooth quiet operation and features an adjustable side broom for easy access to smaller areas and a large 8.5 gallon capacity hopper that is a breeze to empty.

HS 770 offers an environmentally friendly way to rid sidewalks of leaves and grass clippings without the use of loud, energy consuming leaf blowers. Great for sweeping up small trash items and light debris in lots as well.

Stair climbing wheels

Special Edge Sweeping Brush for close corner cleaning

Adjustable Side and Roller Brushes

Easy Empty Large Capacity Hopper.
