

1

- I Lay **a** on the ground.
- II Insert shelves **c** and bottom **d** into slots.
- III **DO NOT lock into final position yet.**

Note:

Every tab has a groove on one side. Every slot has an indent. The groove and the indent need to align to work correctly.

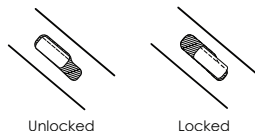

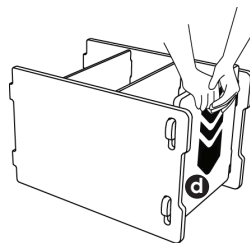

**2**

- I Place back **e** followed by side **b**.
- II Align all slots and tabs and press firmly.

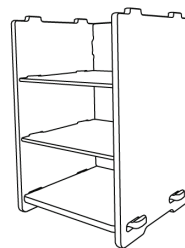

Note:

Pressing tabs together creates Tension Lock. This will require effort. Stand up, and use your weight to press down.

Press tabs almost to the end, as shown below.

**3**

- I Press down on bottom **d** to lock in securely.

4

- I Attach the top **f**. Press down firmly to secure top piece.
