

EEI-564 Table Assemble Instructions

1. First open the box with the glass as pictured below. Because this piece can be easily broken, please unpack on a soft surface like a cushion or thick pile rug.

2. Insert pole into round opening as pictured.

3. Please screw in the fiberglass base as pictured.

4. Insert screw on bottom of the base and tighten as pictured.

5. Once screw is tightened you can flip the table over. Voila! Your table is assembled.
