

FREE STYLE 3.0 ELLIPTICAL

Begin the adventure to better health and wellness with the XTERRA Fitness FS3.0 Dual Action Elliptical.

With a 16" stride length, the FS3.0 provides a great, non-impact total body workout. Your body will be challenged by the 20 levels of resistance and 14 programs. You will be able to monitor your heart rate using the built in heart rate receiver or contact heart rate grips. You will be able to keep track of all of the important feedback data you need on the 5.5" blue backlit LCD display, while listening to your favorite tunes via the audio input jack and console speakers.

Start enjoying the benefits of better health and fitness with your new XTERRA Fitness FS3.0 Dual Action Elliptical.
