

green\$pa

The latest innovation by Dream Maker Spas allows you to choose to **GO GREEN** with the new **green\$ pa** upgrade package. The **green\$ pa** package adds a 2 speed pump and an additional heating system— these options make the spa quieter and more energy efficient. The **green\$ pa** option can lower your electrical cost by up to 42% making the **green\$ pa** the most energy efficient 110 volt 15 amp spa on the planet! All **green\$ pa** models are California Energy Commission Compliant
