## Semi Recessed Waste Receptacle

**Code 330:** Stainless steel type 304, recessed 4"

**Code 337:** Stainless steel type 304, recessed 4" (comes with large waste receptacle)

### Specifications:

**Site Location:** Semi recessed waste receptacle can be mounted into any wall configuration requiring a minimum of 4" depth.

**Features:** All stainless welded construction with removable waste bin. Semi recessed design provides large capacity receptacle with minimum space. Code 337 provides extra large waste capacity. Waste receptacle is completely removable for convenient maintenance. Comes with standard bag holder apparatus.

**Materials:** Recessed wall body and waste container are 22 gauge stainless steel type 304 No. 4 brushed finish.

**Capacity:** **Code 330:** 11 gal. (50 litres), shipping weight: 20 lbs. (13kg.). **Code 337:** 15 gal. (68 litres), shipping weight: 29 lbs. (13kg.)

**Installation:** Provide wall opening 28-3/4" (73.3)H x 16" (40.6)W x 4" (10.2) D. Mount recessed frame first, then insert waste bin using bracket provided. For barrier free mounting insure that top of waste receptacle does not exceed 48" (120 cm) above floor level.
