

# VLDA Large Double Articulated Mount

Double Articulated design will **extend your TV from 4.5" to 28.3" from the wall** – allows mounting anywhere, even in corners. Now you can watch your TV in one end of the great room or across the room to the dining room or kitchen.

Includes cable management and open wall design to hide all your cables.

Your TV can be tilted from  $-15^{\circ}$  to  $+5^{\circ}$  and swivel  $180^{\circ}$  at wall, center pivot, and screen to create the ideal viewing angle.

Flexible TV interface can handle **TV sizes from 32" – 61"** (VESA patterns from 100mm x 100mm up to 600mm x 400mm). Heavy duty steel frame can easily support your large TV up to 150 lbs.

All parts included for easy and secure installation into wood studs, concrete or brick/stone walls. All screws required to attach the TV interface to the TV are included.
