

"T" Connector

Shown approx. 10% actual size.

DESCRIPTION

Use the special "T" connector to make a clean splice into a straight run. The 3' by 1' "T" connector joins three pieces of Two-Circuit MonoRail. It is conductive, so you may power the system from any of the runs. The connector must be supported with three rigid or adjustable standoffs (sold separately), one on each end.

COLOR

Insulator is available in clear or brown.

FINISH

Antique bronze, chrome, satin nickel.

WEIGHT

3.00 lb./1.36 kg. ±
