Diagram 1

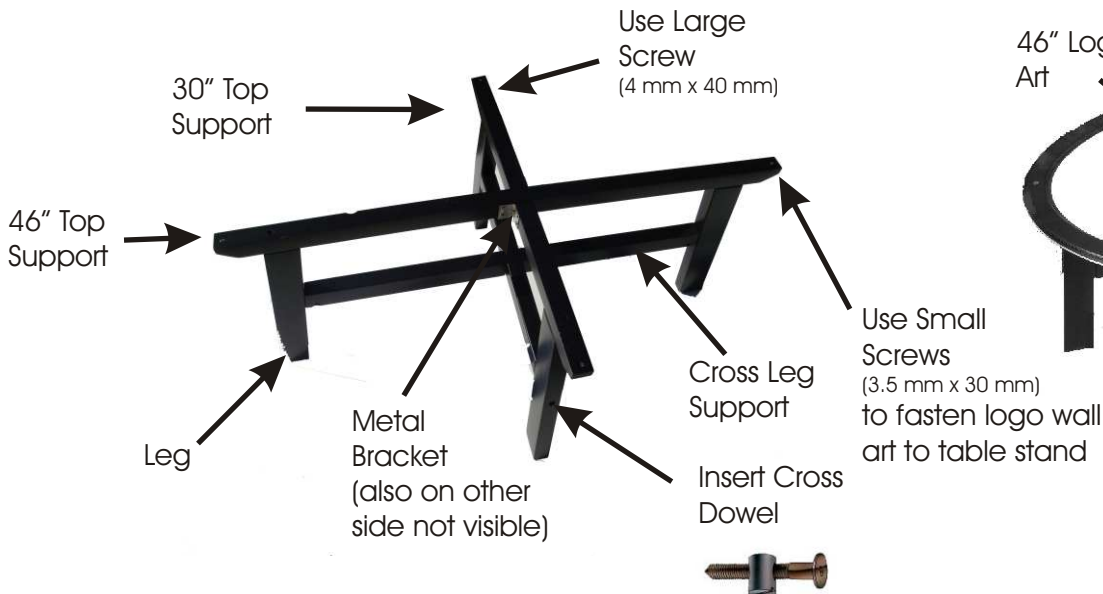

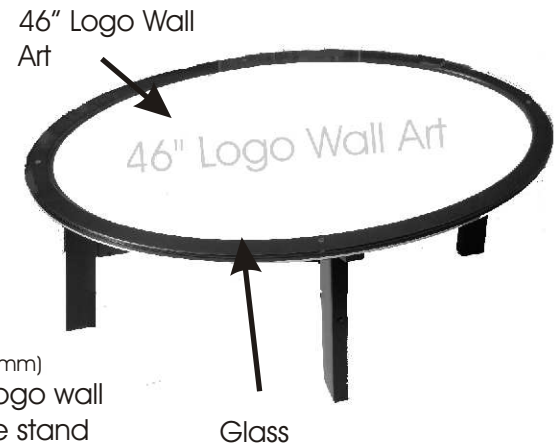

Diagram 2

Parts: 1) 46" top support 2) 30" top support 3) Four legs 4) Two cross leg supports
5) Eight wooden dowels 6) Four metal cross dowels and hex bolts 7) Two metal brackets (with 4 screws each)
8) Large screws (4 mm x 40 mm) 9) Small screws (3.5 mm x 30 mm) 10) 46" Logo wall art 11) Glass

Note: Please assemble on a flat and level floor.

Assembly and instructions:

- 1) Place two wood dowels in the bottom of the 46" top support and 30" top support. Place the 30" top support in the slot of 46" top support. The wood dowels are inserted in the bottom (curved side) of the wood top supports. You may use a rubber mallet as the parts are intended to be tight.
- 2) Insert a wood dowel in the side of each of the four legs. Line-up the top of the leg with dowel of the top support and push into place. Connect all four legs to the wood top supports.
- 3) Connect the cross leg supports together. Line up the hole at the end of a cross leg support with wood dowel of a leg. Push the wood dowel of the leg into the hole of the cross leg support. Repeat this process until each end of the cross support holes are inserted in each wood dowel of the four dowels of the legs.
- 4) Insert metal cross dowel into the cross leg support. Insert the hex bolt into the leg. Tighten the hex bolt with a regular or phillips screwdriver. Repeat process for all four legs.
- 5) Insert large screw into the hole of the top support that is above the leg and tighten. Repeat this process for all four legs.
- 6) Mount the metal bracket on the top supports on each side. The metal brackets are fastened using 4 screws. The second metal bracket is placed diagonally to the first bracket that was attached.
- 7) Place the back of the logo wall art on the top support. Lineup the four ends of the support with the logo wall art. Using the small screws, insert the screw from the bottom of the support. Slowly turn the screw into the back of the logo wall art. **DO NOT USE larger screws, this will cause damage to the logo wall art.**
- 8) Place glass on the logo wall art.

If any parts are missing or you require technical assistance, please do not contact the retailer, rather contact Fan Creations via e-mail at support@fan-creations.com or check our web site at www.fan-creations.com for a phone number to our support department.
