

- Deluxe Grade Floor Screen
- ezCinema Plus Series Portable Floor Pull Up Projection Screen

- Easy to transport and set up for traveling presentations or the "Home Theater in A Box"
- Self-standing "Pull Up & Project" cross spring mechanism
- MaxWhite screen material is durable and easy to clean
- Wide projection viewing angle
- Built-in carrying handle for enhanced mobility
- Rugged aluminum casing protects the screen
- Includes 3/4" black top/side masking with adjustable bottom rise masking
- Available in different sizes and aspect ratios
- 2-Year manufacturer's premium replacement warranty

Elite's ezCinema Plus is the deluxe version of our popular ezCinema floor pull up screen. Instead of a support rod, it utilizes its unique "Scissor" Cross Spring Mechanical Hardware (CSMH) design that allows the operator to simply pull up the screen to its desired position and leave it there. Standard Traveling Shoulder bag for additional protection is included.

- ezCinema Plus Series Portable Floor Pull Up Projection Screen

Manual Screens

MaxWhite and SilverGrey material are the most versatile and uniform screen surface types in front projection. These materials provide unlimited viewing angles and perfect uniformity while giving precise definition and color reproduction. The grey material provides additional black level contrast with a minimal effect on image brightness. Screen Surfaces are durable for daily use and washable with mild soap and water.

MaxWhite Coating w/ Pattern Texture

Internal Textured Material

Black Soft Vinyl (Blocks Light Penetration)

PVC/Woven Screen Material, Multi-Layer, Cross-Array Layout, Coated with Matte White Optical Material that is Mildew Resistant.

Electric Screens

Available in full 1:1 format for OHP (Over Head Projector) or Standard 4:3 NTSC commercial or Home Cinema movies in 16:9 HDTV with future versions in 1.85:1 and 2.35:1 widescreen ratios coming soon.

Fixed Frame Screens
