

## ITEM NO.:LS-3497SS

### ASSEMBLY INSTRUCTIONS:

1. Carefully unpack and place all lamp parts on a flat surface.
2. Screw the body (H) and metal cover (I) onto the base (J) until snug.
3. Screw the socket assembly (F) and metal cover (G) onto the body (H) until snug.
4. Screw the stem (E) onto the socket assembly (F) until snug.
5. Place the metal washer (D) and plastic washer (C) onto the stem (E).
6. Place the shade assembly (B) onto the stem (E) and secure them with the finial (A) until snug.
7. Screw 2PCS B-Type 120V 60W E27 bulb into the socket. (Bulbs included)
8. Insert the plug into the wall and enjoy your lamp.

**Use 2PCS B-Type 120V 60W (Maximum) bulb. (Bulbs included)**

### IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully and easily inserted. Do not alter the plug.

**\*Please inform your dealer immediately in case of any parts shortage.**

**\*Save these instructions for future reference.**
