

ADI Design Index

Non-stacking chair, entirely moulded by a single injection of recyclable polypropylene reinforced with fiberglass. The **frame** is manufactured with the latest **“air moulding”** technology. The thermoplastic material, coloured in bulk, allows a special satin superficial finish, available in different colours. A fire retardant version is available, meeting **Class 2 rating** by the Italian Minister of Interior, on request and at an additional cost. **Feet** of high strength recyclable thermoplastic material.

Certifications ANSI-BIFMA, UNI-EN, EN.
