Seat Height	18"	46 cm
Arms Height	25.5"	65 cm
Arms Outside	22"	56 cm
Arms Inside	17.75"	45 cm
Chair Weight	17 lbs	8 kg

The Arthur armchair is non-stacking.

The space between the seat and the back measures 1" (3 cm).

Fabric for upholstered seat & back

COM (Customer's Own Material) fabric required:
1.25 yd

Note: This is the estimated amount based on 54" (137 cm) wide material and a quantity of more than one chair. The actual amount required may vary depending on special pattern matching and the width of the material. Please call to verify specific yardage.

Cushion Foam: High density 2" (5 cm) thick on seat

Wood

Species: 100% Solid European Beech Hardwood

Corner Blocks under seats to ensure maximum strength

Stain Colors

A wide range of standard stain colors is available as well as custom color matching. (A surcharge will apply to custom colors.)

9-Step Finishing Process

1. The bare wood of the assembled chair is thoroughly sanded using 120 grit paper.
2. One coat of stain is sprayed onto the entire chair – including the underside of the seat.
3. The stain is handwiped to ensure an even color and maximum penetration into the wood.
4. The chair is inspected and any necessary adjustments made.
5. One coat of a catalyzed sealer is sprayed onto all wood parts to completely seal the wood – including the underside of the seat.
6. Once dry, the sealer is sanded using 320 grit paper.
7. A final sanding is done using Scotch Brite pads to remove any sanding marks.
8. A catalyzed lacquer is sprayed on. This lacquer is very durable and will stand up in a commercial environment.
9. A final inspection is performed prior to packaging to ensure a high level of quality control.

Note: Specifications are subject to change without notice.
