ValueLite® Round Top

ValueLite® Picnic Table

Features

Blow molded top	•	•	•
Folding frames	•	•	
Steel framework	•	•	•
Round legs	•	•	•

General Dimensions

Height	29"	29"	29"
Width range	30"	48, 60, 71"	60"
Length range	60 - 96"	48, 60, 71"	72"
Stack height	2-1/8" - 2-1/4"	3-5/8"	

SPECIFICATIONS

Table Top

The top is composed of high density polyethylene. The blow molded top is seamless, eliminating the possibility of separation. Added UV inhibitors prevent fading and maintain appearance. The polyethylene tops are resistant to stains and easy to clean.

KI tables can hold a maximum of 1.5 lbs for each inch of perimeter evenly distributed over the top.

Rectangle Table Legs

Fixed height legs are constructed of 19 ga. 1-1/8" tubing O.D., seam-welded tubular steel with non-marring feet. Folding linkage, hinges, locks and fastening hardware are of heavy-duty die-formed steel. The gravity operated chain link leg lock puts 200% more material at the point of stress. Leg brace below the bend is stronger than common u-shaped legs.

Round Table Legs

Fixed height legs are constructed of 19 ga. 1-1/4" tubing O.D., seam-welded tubular steel with non-marring feet with snap lock legs.

Legs and mechanisms are furnished in a high quality, black hammertone powder coat finish.

Picnic Table Legs

Fixed height frame construction, 19 ga. frame. Top and bench high density polyethylene.
