

## Specification High Output Commercial Recessed Downlight

**Matt White** Fluted Aluminium Design

**19W & 30W** Consumption

**≤800 & ≤2800** Lumen Output

**4000K** Available

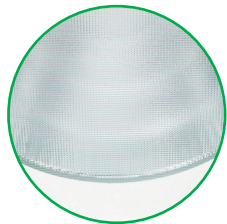

**CRI>80**

**IP44**

Textured Glass Diffuser

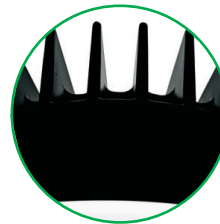

Available in Emergency Model\*

\*affix /EM to product code for emergency model

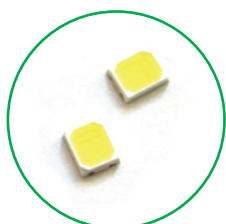

### Textured Glass Diffuser

Ensures an even light spread with the help of a reflector, reducing glare and improving efficiency.

### Optimal Heatsink Design

Ideally designed to actively remove heat away from LED chips, prolonging the lifetime and reducing Lumen Decay

### High Output LED Chips

High quality and efficient LED chips offer consistent colour temperature and maximum light output. L70 @ 30,000H.

### RAL Matt White Finish

Suits applications where beauty yet discrete, powerful lighting is required.
