

Installation Instructions

Glass Channel

Wet Fix - Surface Channel

Concealed Screws for 10mm Glass

Installation Instructions

Important Information

Please read these instructions carefully before starting installation and keep for future reference. Remove all packaging and check the product for missing parts or damage before starting installation. When drilling or fixing into walls or floor it is essential that you check for pipes or wires before commencing.

Certain spare parts and additional components are available if necessary and these can be obtained by calling your supplier.

When you are ready to start, make sure that you have the right tools to hand and that the installation area is clean and dry.

Note: To prevent leaks, silicone must be applied on the outside of the shower and not on the inside. Save this manual for future reference.
