

# Assembly Instructions For

# P1137 (E) 4/08

## IMPORTANT TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly.  
Bulb not included.

1. Install stems:
  - A. Choose desired installation height from dimensions shown in above diagram. Thread fixture wires through each stem to be used. Note correct position of stems from left diagram. Screw all stem together until secure.
  - B. Pass fixture wires through swivel in canopy and screw top end of stem assembly into swivel.
2. Follow enclosed supplement installation instructions for electrical and fixture installation onto house outlet box. If you do not have an outlet box at desired location to attach the fixture than hire a qualified electrician to create one.
3. A. Install bulb (not included). See relamping label located near socket area for type and maximum allowed wattage.  
NOTE: Make certain not to handle lamp with bare hand since this will cause lamp to shatter at high heat. Handle with clean soft cloth.  
B. Install glass dome by screwing onto socket.
4. Install harp by securely fastening with thumb screws.
5. A. Place metal ring onto glass plate. Then place shade. And then place another ring on top of shade.  
B. While holding firmly onto glass plate, install the assembled parts onto harp by fastening with finial.
