

Assembly Instructions For

10176

(E) 3/2012

READ ALL INSTRUCTIONS BEFORE ASSEMBLING LAMP

Carefully unpack lamp parts onto carpeted surface or blanket and identify all parts.

1. Place harp into yoke by squeezing the bottom of harp.
2. Install bulb (not included). See relamping label located at socket area for type and maximum allowed wattage.
3. Unscrew finial from harp and place lampshade over screw thread and tighten finial back in place.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.
