

# Michelle Parede

Designed in 2002

Shown in Bronze with metal blades and safety cage.

	Safety cage equipped
 	Suitable for Damp Location **
	U.S.A. Components and Labor

The blades of the Michelle Parede wall mounted fan can be infinitely positioned vertically and horizontally across 180-degree arcs to provide maximum directional airflow. It can be mounted in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of any room.

- Constructed of cast aluminum, heavy spun and stamped steel, the Michelle carries a limited lifetime warranty.
- The Michelle is equipped with hand-balanced metal blades with metal safety cages.
- All metal bladed fans are Damp Location rated if ordered with protective powder or clear coatings.
- Michelle Parede does not oscillate.
