

Die GastroNorm-Maße der DIN EuroNorm 631-1 beziehen sich auf den Referenzbehälter 1/1 mit der Größe 530 x 325 mm.

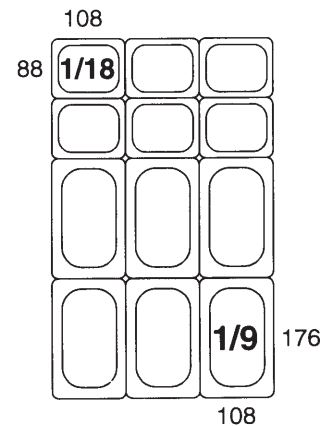

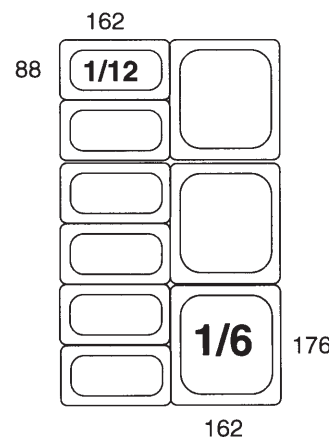

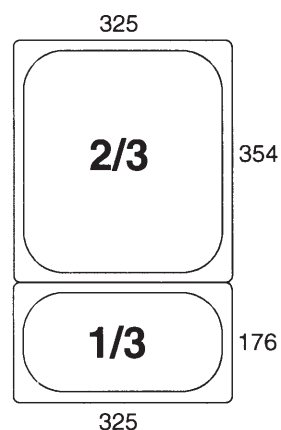

Die Maße der Norm sind immer Außenmaße, damit sichergestellt ist, daß die Behälter in die System-einrichtungen (z.B. Regalwagen) passen.

Gastronorm dimensions conform to the European Standard EN 631-1 and relate to the basic 1/1 full size module of 530 x 325 mm.

Measurements are always external, so that one can be certain, that the containers or trays will fit whatever they are put into, e.g. gastronorm trolleys.

Alle Maßangaben in mm.

Die Größen 1/18, 1/12, 2/24 sind bislang noch nicht in der EN 631-1 aufgeführt worden.

All measurements are in mm.

The following sizes do not yet form part of the EN 631-1 standard: 1/18, 1/12, 2/24.
