I24P03 PINWHEEL

SELLING POINTS : Recycled aluminum. Assembly required.

CLASSIFICATION : Inspired by recollections of childhood whimsical toys, our Pinwheel collection uses recycled aluminum that has been cut and twisted into mini pinwheels and attached to a simple sphere. The effect is elegant, aerodynamic, arresting...and breezy! We recommend periodic dusting with compressed air for cleaning. Also, changing moods is as easy as changing the bulbs - try amber or other colored bulbs for festive occasions.
