175M01 AFFINITY

SELLING POINTS : Hand-forged recycled steel. Champagne toned sustainable capiz shell panels. Hand-painted new bronze finish mixes silver and bronze.

CLASSIFICATION : Close your eyes and picture your favorite city at sunset...think dark buildings silhouetted against the ethereal glow of the fading sun...and you will see the inspiration for Affinity. Each sustainable Capiz shell panel has a champagne finish and natural color variations set off by the silvery-bronze recycled steel frame. When lit, the Capiz towers evoke a skyline set in a smoldering sky. Contemporary comfort with a conscience...yup, we can get onboard with that.
