# Shark

## NV480

### Shark® Rocket™ Professional

### Benefit Statement

This lightweight, Never Loses Suction upright vacuum is ultra-maneuverable featuring enhanced swivel steering for better control to maneuver in and around furniture. Also featuring ultra-quiet technology for operation anywhere, anytime. Plus, Anti-Allergen Complete Seal Technology that traps over 99.9% of dust and allergens inside the vacuum. Includes premium pet tools for versatile cleaning throughout the home and beyond. The deluxe motorized brushroll comes with powerful headlights that illuminate dark spaces and the brushroll can be turned on or off, providing superior performance on both carpets and bare floors. Ergonomic handles and an extra large capacity, bottom-empty dustcup make this so easy to use. A generous 30 foot long power cord provides maximum range for cleaning large areas.
