

MUSTANG

MV-STAT

Mustang's MV-STAT offers a secure easy installation with its two-piece design and strong, lightweight aluminum body. Ideal for 10-30" flat panels the MV-STAT is the best ultra low profile static mount in its class.

The Mustang MV-STAT is a static wall mount for small flat panels. This mount is designed to be an ultra low profile mounting solution-installing only 1.6" from the wall. Its two-piece design allows for quick and easy installation. Just slide together and the pieces automatically lock securely into place. The MV-STAT is guaranteed to fit all small flat panels with VESA compliant mounting holes. With its low profile, sleek silver aluminum finish and ease of installation, the MV-STAT is the best value in its class.
