

Care and Use Instructions Porcelain Items:

FOH® porcelain is microwave, oven, and dishwasher safe which give the pieces great versatility. Double fired at very high temperatures make FOH® porcelain strong and durable to last a lifetime when cared for properly. Porcelain pieces are stackable for easy and convenient storage. The high-quality super bright white glaze protects each piece from fading and stains and can be mixed and matched within different collections.

Do:

- Have adequate space between each piece when loading into a dishwasher
- Allow pieces to cool & dry before handling; never stack hot, wet porcelain items
- Slide dishes into each other when stacking, gently placing one on top of the other

Don't:

- Use abrasive pads or cleaners
- Stack dishes more than 12" high
- Bang dishes together or against hard surfaces
