Instructions for use

Use and maintenance

Please follow these guidelines: do not stand, do not hang on and do not use the sofa like a ladder. Do not carry out maintenance to the components and contact the dealer for all requirements.

Care of the metal parts

These parts may be cleaned with a light neutral cleaner and must be immediately dried with a soft cloth. Do not use alcohol or solvents.

Care of the leather parts

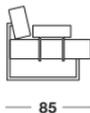

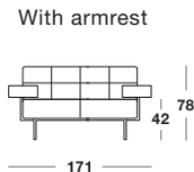

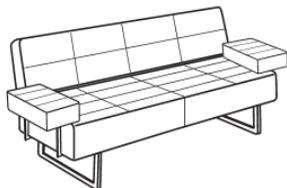

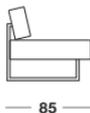

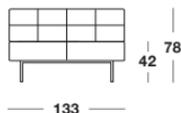

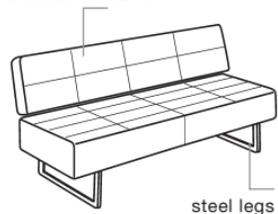

For leather good maintenance, only dust the item with a soft cloth. We advise to use every 6 months the Ciacci cleaning kit for leather parts. Leather's feature can present a non-regular surface due to natural structure. The long exposure to the sun can alter colours.

Ecology

At the end of the use, do not disperse the item into the environment, but refer to local waste disposal.
