Product Details

Description: Quick connect pendant socket set for use with select G600 series glass shades. Socket set is low voltage and can be used with 12 volt or 24 volt systems.

Compatible Systems: Socket set is compatible with these W.A.C. systems; Monorail, Flexrail, Track, Linear, Monopoint and Multipoint canopies.

Monorail requires one LM-QADP for each QP-601 used.
Flexrail requires one HM-EN50 for each QP-601 used.
Linear requires one SADP for each QP-601 used.
Track systems require one EN-XQ50AR for each QP-601 used.
Monopoint and Multipoints do not require additional parts.

Lamp: Uses 50w Halogen JC-50-CL lamp (one 12V lamp included).

Materials: Machined brass parts and six feet of a low voltage braided wire. One glass bulb shield with frosted finish and threaded collar.

Mounting: Depending on the system being used, the socket set quick connect jack is inserted into a quick connect adaptor located on the track, canopy, or transformer.

Finish: Available in Bronze (BZ), Chrome (CH), and Platinum (PT).

Listing: UL & CUL Listed.

Specification Features

- Glass shade is slid down the braided cable onto the threaded socket shaft where it is retained by the height adjusting bevel. Bevel can be set anywhere along the socket shaft to provide the desired lamp location within the glass shade.

- "Quick-Ship" item, always in stock and available for immediate shipment.

- Current compatible glass shade selection numbers twenty eight, with more offerings being added every year. The most recent additions can be found on the website, www.waclighting.com.

- 2 year W.A.C. Lighting product warranty.

W.A.C. Lighting reserves the right to modify the design of our products as part of the company's continuous improvement program.
