

## Twilight 12 & 20 Chandelier

Twelve or twenty frosted glass teardrops suspended on stainless steel arms. Colored Confuzion teardrops may be ordered separately in several color choices (shown below). Heat-resistant Flite Paper Shades are also available. Twilight 12 is 31" in diameter. Twilight 20 is 40" in diameter. Field-cutttable stem allows for easy shortening from standard lengths. 12V. Dimmable with 600W low-voltage electronic dimmer.

choose your options, build your model #.	12 12-head 20 20-head	410	G4 10w	60 60" overall 120 120" overall
