Tri-Core® Cervical Pillow

The Industry’s #1 Fiber Support Pillow

Blended cotton cover is breathable and gentle to the skin.

High-resiliency fiber springs back when compressed for comfort and durability.

- Helps relieve headaches, joint strains, neck injuries and arthritis.
- Designed for back and side sleepers

Twin Support Lobes

Two sizes of lobes provide proper neck support for back sleeping. Each lobe provides a different support level.

Trapezoid Shaped Center

The unique, trapezoid-shaped center, in combination with the twin support lobes, gently cradles your head to support your neck and help restore its normal curvature.

Raised Side Sections

The Tri-Core is designed to help side sleepers, as well. The raised side sections provide the support you need while sleeping on your side. As you roll to your back, the center lets your head nestle for the greatest comfort and support.

Natural Pain Relief

Tension headaches, pain from neck injuries and arthritis are a few of the conditions that can be helped by the proper sleeping posture attained from the Tri-Core Pillow. Airway blockage, a major cause of snoring, also can be helped.

Most people experience an increase in sleeping comfort within a couple of days of using this pillow. Others may require up to two weeks before the neck and back muscles adjust to their proper position.

Making Your Life More Comfortable.
Tri-Core® Cervical Pillow

Increase Your Profits

- Increase your profits in the space of a waiting room chair.
- Provide patient education to help them select the right product to complement their treatment.
- Increase patient exposure with posters for your office.
- Educate your patient with informative brochures.

Merchandising Made Easy

Display the benefits – and stimulate sales – of the Tri-Core Pillow with this attractive merchandising program. Give your patients the chance to learn more about these pillows by displaying them in your waiting room. Use the posters and brochures (below) to educate your patients and initiate discussion and sales. This merchandising program is free with the purchase of any Tri-Core Pillow display. Includes posters and tri-fold brochures with a plastic holder.

Communicate Tri-Core’s unique benefits with these attractive posters. Hang them in your treatment rooms to initiate discussion and sales. Posters are free with the purchase of a Tri-Core Pillow display or on request.

Educate your patients with these informative tri-fold brochures. Give your patients the opportunity to learn more about the products in this display by placing this literature holder on your front counter. You can also send them to your mailing list or insert them into monthly invoices. Brochures and a holder are free with the purchase of a Tri-Core Pillow display or on request.
