

Headache Ice Pillo®

Helps Stop Migraine and Tension Headaches

- Helps relieve headaches and neck stiffness.
- Uses medically accepted hot and cold therapy. Clinically proven.
- Designed to support your neck and head in their most natural positions.
- Great for travel.

Help for Migraines and Tension Headaches

Now you can treat headaches using a natural and proven alternative to drugs or medication. The Headache Ice Pillo® uses time-honored and medically recommended cold therapy in treating dull, moderate and severe headaches, like migraine and tension headaches. You can also heat the Basic Comfort CorPak™ in the microwave for chronic neck strains and pain.

Designed by a Headache

Specialist

This pillow uses a unique, compact design providing support for your neck while you sleep or relax. Great for travel, reading or sleeping, this pillow also can provide relief from pinched nerves, stiffness, sprains, neck injuries or other traumas.

Simply slip the Basic Comfort CorPak in the back of the pillow for added relief. The Basic Comfort CorPak can be stored in your freezer until needed.

Clinically proven to relieve headaches, this pillow was shown to categorically help nearly 80% of users.*
