

Mesh Sitback Rest®

Promotes Proper Posture While Sitting

- Conforms to the body for uniform support
- Cool & comfortable
- Helps relieve low back tension
- Elastic strap fits almost any chair
- Affordable

Proper Posture

This lightweight version of the popular Sitback Rest promotes proper posture in any chair while providing support and comfort for your lower back.

The mesh material maintains airflow to your back, keeping you cool and comfortable all day.

Our side-support wings ensure ultimate comfort by helping keep you in the correct position. Use at home, office or in your car.

Durable Materials

The Mesh Sitback Rest is constructed from nylon, which is known for its strength and resiliency. The convenient, elastic positioning belt attaches this Mesh Sitback Rest to any chair.

Mesh D-Roll

Compact Backrest with Maximum Support

- Provides targeted support for the lumbar curve
- Cool & comfortable
- Compact & lightweight design
- Elastic strap fits almost any chair

Proper Posture

The Mesh D-Roll backrest is a shorter, more compact version of the original Mesh Sitback Rest.

A mere eight inches in height, the unique shape of the Mesh D-Roll provides support to the lumbar curve of the spine.

This back rest improves posture and comfort while sitting, without adding bulk.

The compact shape and lightweight size allow users to transfer the Mesh D-Roll from their office chair to their car with ease.

Durable Materials

The Mesh Sitback Rest is constructed from nylon, which is known for its strength and resiliency. It can be secured to any chair with the convenient, elastic positioning strap.

The mesh material ensures maximum breathability, making it cooler and more comfortable than back rests constructed from foam, which retains heat.

Specifications

- Product #486
- Size 16"W x 8"H x 3.5"D (41x20x8cm)
- Color Black

Weight

- Single - .5 pound
- Box of 6 - 6 pounds
