

Fluffy Bolster

Vinyl-Covered Fiber Support

- Great positioning tool during therapy sessions.
- Perfect for use under your knees, ankles or neck.
- Handle allows for easy mobility.
- Durable vinyl wipes easily clean.

All-Purpose Positioning Aids

Our fiber-filled Fluffy Bolster is a durable aid for clinical treatment or home use. It provides gentle support under the knees, ankles, or behind the neck during treatment or rest.

Durable Materials

Each bolster is made with soft, fluffy fiber fill, encased in an easy-to-clean vinyl cover. Each support also comes standard with a heavy-duty positioning strap, making it easy to reposition.

Provides Support

The Fluffy Bolster provides comfortable, gentle support wherever you need it most. Its 24" length fits easily on most standard treatment tables, making it ideal for use with nearly all of your clients.
